

M.G.J.S BANDARA

ABOUT ME

I consider myself to be a hard working, reliable and conscientious person, with high standards and the ability to learn new skills quickly. I especially like working in a dynamic and effective team to which I can contribute with my skill set.

Working on various projects made me learn many new programming languages and techniques resulting in constant advancement and improvement of my skills which is very important in the ever changing world of IT. Working in a fast paced environment often involves meeting tight deadlines and working under pressure as well as having excellent interpersonal skills.

Cover Letter

Dear Sir,

I am writing this letter to apply as an associate software engineer in your company. I am a graduate with good computer programming experience and I am a motivated person. Working in many software projects in my university has brought me a good practical knowledge and programming has been my passion for so many years.

I am up to date on computer programming languages like java, php, c# and terms and my data entry skills are fast and efficient. I am incredibly organized and very detail oriented; I rarely make errors and know what even a small mistake can mean to a project. My exemplary programming skills along with my dedication and professionalism make me a well-suited candidate for a position in your company. I am also a thorough communicator and work well as part of a team in addition to my ability for self-direction. I would be thrilled to be able to bring my skills and professionalism to your company and I will be honored if I can get to work under your guidance. A company like yours will give me vast experience in this industry and I am on my way of seeking the highest place in software development industry

I am sure you'll find my credentials to be in order and welcome a chance to meet with you in person to discuss my qualifications. Please do not hesitate to contact me at your convenience. Thank you for your time and I look forward to speaking with you.

Sincerely,

M.G.J.S.Bandara
